

DECLARATION OF CONFORMITY (EU)

No. 20527/2025

1. Product Name and Model:

Mini Musical Tesla Coil

Model No.: MTC-1401

2. Importer:

VATSPEDSL

Calle Antonio Salvador N99.1, 28026 Madrid, Spain

Email: services@vatspeed-eu.com

3. This declaration of conformity is issued under the sole responsibility of the importer:

VATSPEDSL

Calle Antonio Salvador N99.1, 28026 Madrid, Spain

4. Product Name and Photo:

Mini Musical Tesla Coil

5. Product complies with the directives:

- Low Voltage Directive (LVD) 2014/35/EU
- Electromagnetic Compatibility (EMC) Directive 2014/30/EU
- RoHS Directive 2011/65/EU – Restriction of Hazardous Substances
- REACH Regulation EC No 1907/2006 (chemical safety)
- Radio Equipment Directive (RED) 2014/53/EU (if includes wireless audio 接收 or Bluetooth)

6. Product complies with the standards:

- EN 62368-1:2020 – Audio/video, information and communication

technology equipment – Safety requirements

- EN 55032:2015+A11:2020 – Electromagnetic compatibility – Radio disturbance characteristics
- EN 55035:2017+A11:2020 – Electromagnetic compatibility – Immunity requirements
- EN 61000-3-2:2014 – Harmonics
- EN 61000-3-3:2013 – Flicker
- EN 61000-4-2:2009 – Electrostatic discharge immunity test
- EN 61000-4-3:2020 – Radiated, radio-frequency, electromagnetic field immunity test
- EN 61000-4-4:2012 – Electrical fast transient/burst immunity test
- EN 61000-4-5:2014 – Surge immunity test
- EN 61000-4-6:2014 – Immunity to conducted disturbances
- EN 61000-4-8:2010 – Power frequency magnetic field immunity test
- EN 61000-4-11:2020 – Voltage dips, short interruptions and voltage variations immunity tests
- EN 62479:2010 – Assessment of low-power electronic and electrical equipment – Basic restrictions for public exposure to electromagnetic fields (for high-frequency emissions)
- IEC 62321 Series – Determination of six regulated substances (RoHS)
- ISO 9001:2015 – Quality management systems

6a. Additional standards for wireless audio (if applicable):

- EN 300 328 V2.2.2 – Wideband transmission systems (2.4 GHz band)
- EN 301 489-1 V2.2.3 – EMC standard for radio equipment
- EN 301 489-17 V3.2.4 – EMC for broadband data transmission systems
- EN 50663:2017 – Generic standard for assessment of low-power electronic and electrical equipment related to human exposure restrictions (SAR)

7. Additional Notes:

This mini musical Tesla coil has been tested and found to comply with the

applicable EU directives and harmonized standards. It is an electronic arc discharge device that produces high-voltage, low-current sparks synchronized with audio input, creating audible musical tones. The product is designed for educational demonstration, science experiments, and entertainment purposes only. It meets requirements for electrical safety (low voltage side), electromagnetic compatibility (including harmonic and immunity testing), restricted substances (RoHS), chemical safety (REACH), and electromagnetic field exposure for the general public.

IMPORTANT WARNINGS:

- This device generates high-voltage arcs (typical output: 10kV–50kV). Do not touch the discharge terminal during operation.
- May cause interference to nearby sensitive electronic equipment. Use away from pacemakers, medical devices, and precision instruments.
- Not intended for continuous unsupervised operation.
- Compliance is based on the low-voltage input side ($\leq 24V$ DC). The high-voltage output is exempted from LVD due to the nature of the device (arc discharge) as per exclusion clauses.
